Hot Talk: Coronavirus

Know Your Legal Rights and Responsibilities in a Potential Pandemic

CLEVELAND - March 5, 2020 - Each day we hear about more cases and even deaths due to coronavirus. If this virus becomes a wider medical emergency, what is the legal impact on employees and workers, those in health care and patients who might be ordered into quarantine? On Tuesday March 10th at Noon, our expert panel looks at rights and responsibilities and what to expect from local and national leaders.

Because there is so much concern and possible misinformation about coronavirus in our community, we encourage the public and media to attend with questions and ideas.

Panelists include Karen Giffen, Managing Partner at Giffen & Kaminski, LLC, and Bruce Hennes, President of Hennes Communications specializing in crisis
“Our mission is to spread facts, not fear” said CMBA CEO Rebecca Ruppert McMahon. “Our Bar includes experts in emergency response and the law. We want to share our knowledge with the community and learn from the medical professionals leading this effort.”

Hot Talks are held the second Tuesday of each month at CMBA. They are free, open forums to learn and share ideas. Bring a lunch and join us for this important discussion.

If you can't be here in person, you can watch and participate via Facebook Live.
